

Do you have a *Safe Sleep Place for Baby?*

No!

- ✗ No Toys
- ✗ No Pillows
- ✗ No Bumper Pads
- ✗ No Quilts or Blankets
- ✗ No Stomach or Side Sleeping

Yes!

- ★ A Crib
- ★ A Mattress
- ★ A Tight-Fitting Sheet
- ★ A Baby Placed
on his Back to Sleep

Why?

Because babies who sleep alone in a crib without bumper pads, blankets, toys, or pillows are LESS likely to die from SIDS.
